

EUROPEAN ATHLETICS TEAM CHAMPIONSHIPS SUPER LEAGUE 2021

Lane Draw and Starting Order

For races up and including 400m:

Lanes 4-5-6-7 will be allocated to top four athletes according to the seeding list based on the season bests.

Lanes 2-3-8-9 will be allocated to the remaining athletes according to the seeding list based on the season bests.

Results from the previous years' major events (Finalists of Olympic Games or World Athletics Championships or Medallists in European Athletics Championships) may be also considered by the Technical Delegate for the purpose of the lane draw. This will be only applied in case an athlete has no season best.

The allocation of lanes as per the procedures above will be done after the final confirmations.

For the relay races the Technical Delegate conducts the draw one hour before the scheduled time for each race. The lanes 4-5-6-7 will be allocated to the top four leading teams (as per the team standings one hour before the scheduled relay time) and the lanes 2-3-8-9 for the remaining teams.
