## **2. TRAVEL TO CALI**

### **2.1 Official Airport and Arrival Information**

Alfonso Bonilla Aragón International Airport (CLO) is the official Airport.

Arrival in Cali should primarily be on Saturday 30 July. Those teams planning to arrive prior to 30 July and/or leave after 7 August, are advised to contact the LOC well in advance to check availability of accommodation and transport arrangements.

LOC staff will assist the delegations with entry formalities and customs clearance. The Delegations will collect their luggage in the Baggage Claim Area and carry them to the Transport Loading Zones provided for the Championships.

In case of lost luggage, the LOC will make every effort to help locate it. The Team Leader is nevertheless expected to declare the missing luggage at the Lost and Found office. The Team Leader may be also requested to return to the airport to identify the luggage if it was not located immediately. Consequently, transportation of the luggage to the venue/Team Hotels will be arranged by the airline company or the LOC.

The Team Leader will need to report to the LOC / World Athletics Offices to complete the administrative formalities. Once the Team Leader has finalised all necessary formalities, he will receive his accreditation. In case of early or late arrivals, the Team Leader will complete all formalities the next day or as soon as practical.

Please refer to Circular Letter M/25/22 for information on vaccines that you may be required to have to enter Colombia.

For the departure, teams will be transferred from their Team Hotel to the airport. At the airport volunteers will assist with check-in formalities.

#### **2.1.1 Special arrangement for vaulting poles**

It is suggested to review the different airlines that provide the pole transportation service as part of the passenger's luggage; however, it is known that some of them do not offer this service. In this case, the poles can be sent according to three different situations:

- Luggage transportation to Bogotá.

The Federation will have to contact the LOC to inform them which flight it is traveling on and who is responsible for the pole so that he or she can be delivered to the LOC logistics operator in Bogotá. The poles will be carried out a national dispatch by plane.

Poles that arrive between 6:00 and 18:00 will arrive the next day, while those that arrive between 18:00 and 6:00 will arrive two days later to Cali. The poles will be given to their owner in the afternoon after LOC staff has checked them.

- Unaccompanied baggage transportation from your country of origin.

The Federation must contact the customs agent and your freight forwarder well in advance to carry out everything required for cargo clearance. The poles must go through a temporary admission process with

the regulations of the customs legislation of our country. They will be temporarily nationalized and will be claimed by the owner with his passport.

- Logistics company transportation (DHL, UPS, etc.)

The Federation gets in touch with one of these transportation companies and provides it with the information of the person who is going to receive the poles in Cali at Pedro Grajales. The hours in which the poles can be received are from 8:00 to 18:00.

In three cases, the poles must be correctly marked with the full name of the owner, the passport, the flight number (in case of arriving as luggage), the data of origin and the place of arrival (Pedro Grajales athletics stadium).

## 2.2 Entry Visas

The visa process began on June 15th and will end on July 20th.

Appendix provides the list of Member Federations divided into 2 Visa categories:

Category A: The countries whose citizens do not need a visa for Colombia

Category B: The countries whose citizens need a visa to enter Colombia and can apply for E-Visa.

Cali Visa Team has managed that their Government provides you with an endorsement letter to guarantee that your visa application is treated as priority by their Consulates, so you will receive two letters issued by Cali LOC and Ministry of Sport respectively, instead of the only one announced before and in the Visa Guide emailed by Team Services to your Member Federation World Athletics email address for detailed procedure.

During your application process, when you get to the step "Supporting Documents" paragraph 5: "Letter signed by the official entity, international organization of public law or diplomatic mission that is sponsoring the visit..." you must upload the Ministry of Sport endorsement letter.

Later, on paragraph 11: "Additional Documents are Required" you must upload the LOC invitation letter (instead of your plane tickets)

Both documents, the Ministry of Sport endorsement and LOC visa invitational letters, will guarantee that your application is prioritized and free of charge.

**Please remember you can only upload one document per paragraph**, if you try to upload two at the same time or one after another on the same paragraph the latter will delete the former

Guidelines on how to use EES Visa Section have been published with Circular M/49/21

The process for requesting a Colombian e- visa takes around 15 minutes once you have all the requested documentation (detailed on the Visa Guide) and you will need to do it on a computer.

The LOC Visa team can be contacted on the following email address: [visas@wu20cali22.com](mailto:visas@wu20cali22.com), as well as via phone number: +57 315 729 8192

### 2.3 Medical Insurance

All Member Federations are responsible for subscribing to an insurance policy that covers illness and/or injury to any members of their delegation and/or team travelling to and from World Athletics competitions and during the event itself. Furthermore, proof of such insurance is now required in most cases to obtain visas, e.g. in the Schengen area.

Details of the World Athletics insurance policy are outlined in Circular M/03/22 dated 17 January 2022.

All Member Federations included in the World Athletics Travel & Medical Insurance policy (Circular M/03/22) will be covered for any accidental illness that occurred only during the trip including all contagious diseases (including COVID-19) provided that all measures of the Member Federations' own country and the country hosting World Athletics Series Event, in this case Colombia, are followed. Please follow all COVID-19 related procedures and protocols in place when leaving your country, arriving and whilst in Colombia. Please note that the Travel & Medical Insurance policy will not cover the costs of being put in isolation. Please refer to the COVID-19 protocols or contact the Medical Delegate for any information concerning COVID-19 procedures at the event.

After having completed stage 1 of the Medical Clearance Protocol (see Covid-19 Protocol), all athletes and team officials will need to report individually to the Team Accreditation Centre to collect their accreditation card. An ID (e.g. passport) will be required to collect the accreditation card.

#### **3.3 Quota and Financial Support**

##### **3.3.1 Quota**

The quota is the number of finalists that a MF has in the previous edition of the Championships. Places in the relays count double. The maximum number of athlete quota for any Member Federation is 20. See chart in Appendix.

### **3.3.2 Travel Support**

For athletes within the Quota, 100% of an economy class airline ticket from the Member Federation headquarters to the official airport will be covered by World Athletics. These tickets will be issued preferably by World Athletics, provided Member Federations send their Preliminary Entries and Final Entries by the respective deadlines.

If a Member Federation prefers to purchase the airline tickets, the costs of such tickets must be submitted online together with the Preliminary Entries and be approved by World Athletics beforehand. Only the approved travel costs will be reimbursed upon the submission of the corresponding invoice(s). The original invoice from the travel agency must be given to World Athletics on site during the administrative procedure. Cali is the only official arrival and departure airport so please make your flight arrangements directly to Cali. Travel costs of athletes outside the Quota and of officials will not be covered by World Athletics or the LOC.

### **3.3.3 Accommodation Support**

For athletes within the Quota, the LOC will offer free accommodation in twin and triple rooms during the official period (arrival, Saturday 30 July – departure, Sunday 7 August), for a maximum of eight nights.

### **3.3.4 Reimbursements**

Reimbursements will be made by bank transfer after the competition. If an athlete for whom World Athletics / the LOC have provided financial support is on site but does not compete, World Athletics / the LOC have the right to reclaim the travel and accommodation support.

### **3.3.5 Financial Penalties**

Member Federations must respect the deadlines and provide accurate information in their entries in order to avoid causing financial damage to the LOC. Failure to do so may result in the application of financial penalties as detailed below. The penalties will be debited to the account of the Member with World Athletics.

Respect of Deadlines	A penalty of USD 1,000 may be imposed on any Federation which does not respect the Preliminary and/or Final Entry deadlines.
Realistic Entries	<p>A penalty of USD 1,000 per athlete, after the first two, may be imposed on Member Federations which:</p> <ul style="list-style-type: none"><li>• after having announced through the Preliminary Entries their participation in an World Athletics competition do not take part;</li><li>• after having entered in the Preliminary Entries more than two athletes, attend the competition with a number of athletes 25% or more higher or lower than the entered number.</li></ul>

## **3.4 Arrivals outside the Accreditation Centre Opening Times**

Teams or individual athletes arriving outside the Accreditation Centre opening dates and times will be accompanied to their allocated hotel (the LOC will make the necessary arrangements according to the arrival schedule announced in the Final Entries).

## **3.5 Special Passes**

World Athletics shall provide special passes as required for the following categories:

- TIC (only for collecting information) distributed during the accreditation procedure

- Combined Events Rest Room (one per athlete for coach or physiotherapist) distributed at the TIC as soon as the Start Lists are available

For the Field Event Coaches, special seating will be reserved and access will be allowed only to those coaches whose athletes are actually competing. These Coaches must be at the Call Room at the time of the final call for each event.

### **3.6 Accreditation Card**

Personal accreditation badge must be worn around the neck, with the individual photo and name clearly visible, at all times in all public spaces, and must be presented upon request. They are personal and non-transferable. The loss or theft of an accreditation card must be reported immediately to the accreditation centre or Competition Information Desk in the hotel. In order to obtain new accreditation, the person in question, accompanied by the team leader and carrying an appropriate identification document, must request it personally.

Any Accreditation Card found being used by someone who is not its owner will be confiscated and its owner will be subject to sanction including possible ineligibility for his competitive participation in the Competition.

Staff from World Athletics Competitions Department will be in Cali to assist the LOC with the final preparation and conduct of the Championships and the teams with their participation.

We can be contacted as follows:

- 29 to 31 July World Athletics/LOC Administrative Office in the Team Hotel Spiwak
- 1 to 6 August World Athletics Competitions Office at Pascual Guerrero Stadium – can be contacted through TIC

### 5.4 Document Distribution

The protection of the environment is becoming increasingly important in everybody's life and World Athletics is trying to do its part.

With today's media and communication technology, saving paper may seem an obvious way to contribute.

World Athletics established a Virtual TIC to drastically reduce the amount of printed material distributed to the Teams at the TIC at the Stadium or at the CID at the Team Hotels.

In practice this means that the distribution of competition related information at the TIC and CID will NOT be made through printouts but will be distributed via the Virtual TIC, displayed on the notice boards at TIC and CID and (for the more urgent matters) sent by Whatsapp group to the Team Leaders. Team Leaders are kindly requested to provide their phone numbers in Event Entry System (EES) to be included in the Whatsapp group.

It will still be possible to request occasional copies of specific event start lists and / or results (at the TIC). Important notices of general interest (e.g. changes to the timetable) will also be distributed via the Virtual TIC and displayed on the Posting Board while individual communications to specific teams will be posted at the TIC and sent by emails.

Athletes must report to the Call Room wearing their mask and will be authorized to remove it only when entering the field of play. Dedicated personnel from the LOC (equipped with masks and gloves) will collect masks left by Athlete and treat this material as a potential contaminated waste. Athletes will be handed new masks at the Post Event Area.

### 8.7.3 Reporting Times

General times for Call Room entry and arrival at the competition site are as follows:

Event	First Call at Gathering Point	Last Call Gathering Point	Arrival at Competition Site
Track Events	45 min	35 min	10 min
High Jump	85 min	75 min	40 min
Pole Vault	100 min	90 min	60 min
Other Field Events	70 min	60 min	30 min
Relay	65 min	60 min	10 min

All times are prior to the actual starting time of the event.

A dedicated, heat by heat and group by group, reporting schedule will be issued every day once Final Entries are confirmed and displayed at the Warm-up Area and on Virtual TIC.

It will indicate the following:

- Meeting at Gathering Point
- Arrival at competition site
- Start time of the event

Athletes who compete in Combined Events shall report to Gathering Point on each of the relevant days of the competition, before the first event of each day (the reporting times above will apply depending on the event). The athletes' control will however take place in the Rest Room before the start of each event. As the presence of the athletes in this room between events is not obligatory, all athletes must report to this room before the start of an event to undergo their final check. Fruit, energy bars, sandwiches and drinks will be provided in the resting area. Toilets and showers facilities will also be available. Athletes can also order specific lunch boxes the day before the event from TIC or CID or using the Virtual TIC..

## **8.8 Other specific procedures**

### **8.8.1 Starters Commands**

The starter's commands will be given in English.

### **8.8.2 Field Event Trials**

Twelve athletes will normally compete in the Final of all Field Events. In Horizontal Jumps and Throws, the competing order for the fourth and fifth rounds of trials will be in reverse ranking order recorded after the first three rounds of trials. A further re-ranking will take place after the fifth round, so that athletes compete in reverse ranking order in the final round of trials.

### **8.8.3 Coaching Zones**

Appropriate seating in the Tribunes will be provided for the Field Event Coaches. Access will be reserved to those coaches whose athletes are currently competing and will be checked against the start lists.

## **8.9 Timing and Measurement**

Official timing and measurement will be provided by SEIKO. Transponder timing will also be used for all races to provide intermediate times.

Electronic Distance Measurement (EDM) will be used in the horizontal Field Events.

## **8.10 Post Competition Procedures**

All athletes will leave the Field of Play via the Mixed Zone situated to the right of the finish line. In the Mixed Zone, the Media may conduct short interviews. Please note that the first three athletes in each Final may also be required to attend the formal interview.

Athletes will then reach the Post Event Area located at upper level at end of the finish straight where the clothing baskets will be taken from the Call Room.

Transponders from the athletes' bibs (see 8.4) will be collected here by Seiko. Those progressing to the following round (where applicable) will keep their bib and the transponders will be inserted again in the Call Room before the race in the following round.

Member Federation will be charged 150USD per transponder that is not returned by the athlete.

Here athletes will also be notified for eventual doping control and be informed of medal ceremony arrangements.

Athletes who may also be selected for Shoe Control will be informed after the Mixed Zone. They must always keep their shoes with them and cannot give their shoes to any person including any Team official.

Athletes may inform their team at the Team Meeting Point if they have been called to have their shoes identified at shoe control and may be accompanied by a Team Official. It is possible that an athlete's shoes are collected for further investigation or examination so they must be prepared and arrange to have more than one pair of shoes. Where the athlete only has one pair of shoes and must compete later or on another day, the Shoe Control Officer will advise the athlete of the process.

Those athletes who are not being tested or having their shoes checked or who are not involved in the medal ceremonies can then return to the Warm-up Area, to the Team hotels or go to the team seats.

Team Officials will easily be able to contact their athletes immediately after the event from the teams' stands.

### **8.11 Medal Ceremonies**

The first three athletes in each individual event and the first three teams in each relay race will be presented with a gold, silver or bronze medal respectively. The medal presentations will usually take place before the doping control procedures and as soon as possible after the conclusion of the event. (When a ceremony is held on the following day, athletes shall report to the TIC no later than 30 minutes before the scheduled ceremony time. See medal ceremonies schedule under Timetable in Appendix.)

LOC staff will be responsible to gather the first three athletes or relay teams and escort them to the ceremony waiting area where they will prepare for the ceremony. When a delegation competes in relay Semi-Finals and Finals with more than four athletes, only the four athletes in the Final will be awarded medals during the official ceremony. The other athletes will receive their medals later through the TIC.

The athletes must wear their delegation's official uniform at Medal Ceremonies. During the playing of the anthem and the raising of the flags, they shall face the flags and conduct themselves in a dignified manner at all times.

### **8.12 Protests and Appeals**

Protests and Appeals will be handled according to World Athletics Rule 8 of the Technical Rules, an extract of which appears hereunder. Protests and appeals shall be handled, in the first instance, by the TIC at the Stadium or by Virtual TIC.

#### **8.12.1 Protests**

### 8.12.2 Appeals

An appeal to the Jury of Appeal must be made within 30 minutes:

It shall be in writing, signed by the athlete, by someone acting on his behalf or by an official representative of a team or presented by using the appropriate form on Virtual TIC and shall be accompanied by a deposit of 100 USD (or 80 EUR) at TIC, which will be forfeited if the appeal is not allowed and will be invoiced to the Member Federation after the competition. Such athlete or team may appeal only if they are competing in the same round of the event to which the appeal relates or are competing in a competition on which a team points score is being conducted.

*Note: The relevant Referee shall, after his decision on a protest, immediately inform the TIC of the time of the decision. If the Referee was unable to communicate this orally to the relevant team(s) /athlete(s), the official time of the announcement will be that of posting the decision at the TIC.*

### CONDITIONS FOR VALIDITY OF PERFORMANCES

- All performances must be achieved during the period 1 October 2021 to 18 July 2022.
- All performances must be achieved during an official competition organised in conformity with World Athletics Rules.
- All performances must be achieved during competitions organised or sanctioned by World Athletics, its Area Associations or its Member Federations. Thus, results achieved at school competitions must be certified by the Member Federation of the country in which the competition was organised.
- Performances achieved in mixed competitions in track events will not be accepted. Exceptionally, in accordance with Rule 9 of the Technical Rules, performances achieved in events of 5000m may be accepted in circumstances where there were insufficient athletes of one or both genders competing to justify the conduct of separate races and there was no pacing or assistance given by an athlete(s) of one gender to an athlete(s) of the other gender. In this case, a specific request

must be submitted to World Athletics before the end of the qualification period. For Race Walks the results will always be accepted.

- Wind assisted performances (over 2m/sec) will not be accepted.
- Indoor performances will be accepted.
- Hand-timed performances for events up to and including 800m will not be accepted.
- For Race Walks:
  - road performances will be accepted
  - results of races conducted using the penalty zone will be accepted
- Performances in events conducted indoors or in an otherwise fully or partly covered venue where the length or other specifications of the facility do not comply with the rules for indoor competition, shall be valid and recognised as if they were achieved outdoors, if they are made subject to all of the following conditions:
  - the relevant governing body as provided in Rules 2 to 3 of the Competition Rules has issued a permit for the event;
  - a qualified panel of National Technical Officials are appointed to and officiate at the event;
  - where applicable, equipment and implements in conformity with the Rules are used;
  - in the case of an oval track, its length is greater than 201.2m (220 yards) but no greater than 400m; and
  - the event is conducted in a competition area or facility in conformity with the Rules and in respect of which, if held on a temporary facility, a survey has been made in accordance with Rule 10 of the Technical Rules.

In practice when a result is achieved on a complying facility with no advantage gained and all related rules observed, the fact that it happened at a covered competition site does not prevent a result being listed among the outdoor equivalent distances (and scored according to the outdoor scoring tables) and used for any statistical purpose.
