2. INFORMATION CENTRES

2.1. Technical Information Centre (TIC)

The Technical Information Centre is located by the warm-up area.

The main task of the TIC is to ensure a smooth liaison between each Member Federation and the LOC, the World Athletics Technical Delegates, and the Competition Management of the Championships regarding technical matters.

From 25 August a Virtual TIC will be operating too and will cover all the main tasks of the TIC. Team Leaders will receive a link and credentials to access the service.

Virtual TIC will also provide all information normally shared by TIC in a dedicated section for downloads. It will also be possible to send general inquiries, withdrawal forms, doping control requests and written appeals.

The TIC is responsible for, but not limited to, the following:

- Displaying on the relevant notice board of official communications to the teams, including Start Lists and Results and Call Room reporting times will also be displayed at the Warm-up Area
- Distribution of urgent notices to the delegations from the Technical Delegates and Competition Management; it is the Team Leader's duty to report regularly to the TIC to collect this kind of information
- Receipt of written questions for the Technical Briefing, which will follow the Team Leaders tour (deadline 25th August, 18:00)
- Assistance on Final Confirmation
- Receipt of Withdrawal Forms
- Managing National Record Doping Control requests
- Written Appeals
- TIC General Enquiries

The Virtual TIC platform will provide the Team Leader with the above information and give also the option to submit the mentioned forms, appeals and inquiries.

The TIC will be the main centre for technical information, although certain documents produced in the TIC will also be distributed to the Championships Information Desks (CID) for circulation. All the above communications and information will be available on the Online TIC platform as well.

The TIC will open from Wednesday 26th August. The TIC's opening hours are:

Monday, 26 th August	10:00-13:00 / 15:00-18:00
Tuesday, 27 th August	8:00-20:00
Wednesday, 28 th August	8:00-20:00
Thursday, 29 th August	8:00-20:00
Friday, 30 th August	8:00-20:00
Saturday, 31 st August	14:30-20:00

2.2. Competition Information Desks (CID)

There will be a CID in all Team Hotels, which will be linked to the TIC. It will be responsible for, but not limited to, the following:

- Display relevant notices and official communications to the teams, including start lists, results and call room reporting times.
- Distribution of urgent notices to the delegations from the technical delegates and competition management. It is the Team Leader's duty to collect this kind of information in due time.
- Receipt of written questions for the Technical Briefing (deadline: 25th August, 18:00)
- Assistance on Final Confirmation
- It will also be possible to submit general enquiries to the TIC through these CIDs.
- Distribution of information and answering queries relating to accommodation, meals, transport and the Championships in general.

CIDs will be open from 25 to 31 August from 08:00 to 22:00

There will be a reduced CID service prior to 25 August, for teams that arrive earlier.

2.3 WA Competitions Department Offices

Staff from the WA Competitions Department will be in Lima to assist the LOC with the final preparation and conduct of the Championships and the teams with their participation.

They can be contacted as follows:

25 and 26 August	WA Administrative Office at Jose Antonio Deluxe Hotel (meeting room 1)
27 to 31 August	WA Competitions Office at La VIDENA stadium – can be contacted through the TIC

2.4 Document Distribution and Support Desks

Document Distribution

Sustainability is a key commitment for WU20 Lima 24 and together we are trying to do our part providing information as paperless as possible.

World Athletics has established a Virtual TIC to reduce the amount of printed material distributed to the Teams at the TIC at the Stadium or at the CID at the Team Hotels

Team Leaders are also strongly encouraged to download the WhatsApp application. In practice this means that the distribution of competition related information at the TIC and CID will not be made through printouts but will be distributed via the Virtual TIC, displayed on the notice boards (also available at the Warm-up Area) and (for the more urgent matters) sent by WhatsApp group to the Team Leaders (their mobile number must be entered in Event Entry System).

Important notices (e.g., changes to the timetable) will also be distributed via the Virtual TIC and displayed on the Posting Board while individual communications to specific teams will be posted at the TIC and sent by e-mails.

The procedures in the call room shall be as follows:

- Identification of athletes by means of their accreditation card and bib.
- Checking of athletes' uniform
- Inspection of personal belongings
- Checking of shoe spikes (number, shape and size). The part of each spike which projects from the sole or the heel will not exceed 9mm and 12mm for High Jumpers. Needle spikes must not be used on the Mondo track surface. If they do not comply, the athletes will be asked to change them to the correct size.

After completion of these procedures, athletes must follow the instructions given by the officials at the call room before being escorted onto the Field of Play.

Athletes who compete in combined events shall report to the reporting point only for the first event of each day. For the first event of the day, the above reporting times apply. As time allows, between events they will be escorted back to the combined events rest areas, from where the Combined Events Referee will manage movement to subsequent events. Pre-competition checks will take place in the Combined Events Rest Room Areas before the start of each event.

WA shall provide one Combined Events Rest Room pass per athlete (for coach or physiotherapist)

Team Leaders must ensure that all their athletes comply with the above before entering the call room to avoid delays.

5.9 Athletic Shoes

Only Athletic Shoes complying with the Athletic Shoe Regulations may be worn in competition. The Regulations can be downloaded from the [Book of Rules](#) section on the World Athletics website under “Book C: Competition”. It is the responsibility of the athlete to know the model they are wearing and to make sure that this model is approved for the specific discipline the athlete is competing in. Athletes are strongly encouraged to check before competition if their shoes are on the List of Approved Athletic Shoes for the specific discipline:

<https://certcheck.worldathletics.org>.

Being a World Athletics Series Event, in accordance with the Athletic Shoe Regulations, no Development Shoes may be worn.

Random shoe check will be carried out within the Post Competition Procedures. Thus, unless otherwise directed by the Referee, the athlete must always keep their Athletic Shoes in their possession until any Post Competition Procedures have been completed.

Any athlete not complying with the Athletic Shoe Regulations may be subject to the sanctions set out in the Regulations, which may include, amongst others, the athlete to be disqualified.

5.10 Track Events

The starter's commands will be given in English.

There are no athlete entrances or special entrance gates. All introductions for heats, semi-finals and finals will take place at the blocks or on the start line.

5.11 Field Event Trials

Twelve athletes will normally compete in the Final of all Field Events. In Horizontal Jumps and Throws, the competing order for the fourth and fifth rounds of trials will be in reverse ranking order recorded after the first three rounds of trials. A further re-ranking will take place after the fifth round, so that athletes compete in reverse ranking order in the final round of trials.

There are no athlete entrances or special entrance gates. All introductions for finals will take place at the competition site. There are no line up's or athlete introductions for qualification.

5.12 Coaching Zones

Field Event Coaches will be given access to dedicated coaching zones on the tribunes. Coach passes will be distributed at the TIC to those coaches whose athletes are actually competing and will be checked against the start list. They will be asked to leave their ID (or any other personal identification card) and their document will be handed back when the pass is returned.

5.13 Timing and Measurement

Official timing and measurement will be provided by SEIKO. Video Distance Measurement (VDM) and Electronic Distance Measurement (EDM) will be used as the official measurement system to determine the results in the horizontal jumps and for throwing events respectively. All trials of all athletes are recorded and stored in the system.

5.14 Post Competition Procedures

All athletes will leave the Field of Play via the Mixed Zone situated to the right of the finish line.

In the Mixed Zone, the Media may conduct short interviews. Please note that the first three athletes in each Final may also be required to attend the formal interview.

Athletes will then reach the Post Event Area located where the clothing baskets will be taken from the Call Room.

Transponders from the athletes' bibs will be collected here by Seiko. Those progressing to the following round (where applicable) will keep their bib and the transponders will be inserted again in the Call Room before the race in the following round.

Member Federation will be charged 150USD per transponder that is not returned by the athlete.

Here athletes will also be notified for eventual doping control and be informed of medal ceremony arrangements. From here they can then return to the Warm-up Area, Team seats or Team hotel.

5.15 Medal Ceremonies

Medallist will receive their medals inside Stadium La VIDENA .

The first, second and third placed athletes in each individual event and the first three teams in each relay race will be presented with a gold, silver and bronze medal respectively.

If a team competes in the relay final with different athletes to the first round, only the four athletes in the final will be awarded medals during the official ceremony. The other athletes will be able to collect their medals later from the Technical Information Centre (TIC).

Where medal ceremonies are held during the same session as the respective competition, the ceremony will usually take place before doping control procedures and possibly before the athletes have completed media commitments.

LOC staff will gather the placed athletes or relay teams and escort them to the Medal Ceremonies Preparation Room, via kit collection, where they will be briefed and wait for the ceremony.

For medal ceremonies taking place during the following session or day, medallists will receive an information sheet in post event control which will indicate the time and location they need to report to the following day, from which they will be escorted to the Medal Ceremonies Holding Area. Team Management will also be notified of any relevant medal ceremony instructions

Athletes must wear their Member Federation's official presentation kit/uniform for medal ceremonies. For medal ceremonies taking place during the same session, where possible, official presentation kit/uniform should be brought in the athlete's bag. If an athlete that wins a medal does not have their official presentation kit/uniform in their bag for the ceremony, team officials should take the athletes official uniform directly to the TIC contact desk. Team officials must notify the TIC in writing if the athlete cannot attend a medal ceremony and give the reason for their non-attendance (e.g. emergency, medical, circumstances beyond their control). Watches are not permitted to be worn at medal ceremonies.

During the playing of the anthem, digital flags will be displayed on one screen and medallist shall turn 90 degrees to the left or right to face the flags and conduct themselves in a dignified manner at all times.

Medallists will not be permitted to bring a national flag nor any other items to the ceremony.

After medal ceremonies have taken place, medallists will be escorted back to the Medal Ceremonies Preparation Room.

Where the medal ceremony has taken place during the same session as their event, athletes will then be escorted back to the point of the mixed zone or post event control where they were first escorted from.

Where the medal ceremonies have taken place during the following session or day, athletes will be escorted back to the initial reporting location. Athletes will be permitted to bring one member of Team Management with them to the Medal Ceremonies Holding Area.

Such person or team may protest only if they are competing in the same round of the event to which the protest (or subsequent appeal) relates. To arrive at a fair decision, the referee should consider any available evidence which he thinks necessary, including a film or picture produced by an official video recorder, or any other available video evidence. The referee may decide on the protest or may refer the matter to the jury.

Note: The relevant referee shall, after his decision on a protest, immediately inform the TIC of the time of the decision. If the referee was unable to communicate this verbally to the relevant team(s) /athlete(s), the official time of the announcement will be that of the posting of the amended results or of the decision at the TIC.
